BUILDING OPERATIONS FOR SEPTEMBER

Following is a list of contracts awarded, published by the F. W. Dodge Co., throughout the States of New England, New York, New Jersey, Pennsylvania, Maryland, Delaware, District of Columbia, Virginia, Ohio, West Virginia, Illinois, Indiana, Iowa, Wisconsin, Michigan, North and South Dakota and portions of Missouri and eastern Kansas:

January 1 to October 1, 1916	$970,251,397
January 1 to October 1, 1915	680,615,100
January 1 to October 1, 1914	579,042,100
January 1 to October 1, 1913	682,425,500
January 1 to October 1, 1912	627,477,000
January 1 to October 1, 1911	607,638,813
January 1 to October 1, 1910	633,002,305

Contracts awarded from New York State and northern New Jersey:

January 1 to October 1, 1916	$180,803,500
January 1 to October 1, 1915	120,400,500
January 1 to October 1, 1914	100,266,000
January 1 to October 1, 1913	214,106,500
January 1 to October 1, 1912	186,517,000
January 1 to October 1, 1911	183,429,000
January 1 to October 1, 1910	186,084,000

These figures for the entire territory show that to date 1916 is the largest building year for contracts awarded which we have had, and for the territory of New York State and northern New Jersey, this year is about the same as 1910, 1911 and 1912. The contracts for the larger territory during September amounted to $132,226,475, and for the smaller territory $35,718,000. These figures are against $142,000,000 for the larger territory in August, and $114,000,000 for July, and for the smaller territory of $40,000,000 in August and $29,000,000 for July, both territories showing a little falling off against August, but an increase over July.

Railway Construction by Bolivian Government—The call of the Bolivian Government for bids on the construction of the Potosi-Sucre Ry. has been annulled by a decree of Aug. 1, 1916. No bids having been received, according to the "West Coast Leader," the government has decided to proceed with the construction of the railway through the Public Works Department, using the final surveys made by W. L. Milner. It is stated that funds are available to begin the work of construction, and a loan may be negotiated later, with the constructed portions of the road as security. The Potosi-Sucre Ry. is an extension of the Rio Mulato branch of the Antofagasta & Bolivia Ry.

Asphalt Shingles for Panama—For the roofing of permanent dwelling houses and hospital buildings on the Isthmus, the Panama Canal authorities have placed orders with the Barber Asphalt Paving Co., Philadelphia, for nearly 3,000,000 slate-surfaced asphalt shingles. The factors which lead to this form of roofing are stated as follows: Asphalt shingles are as low in cost as, or lower than corrugated iron; they make a better-looking roof, do not increase the fire risk, save painting and resist the deteriorating effect of sea air.

SPECIAL OPPORTUNITIES SECTION

Contracts To Be Let

Bids received until Oct. 10, 1916.

Bulkhead and Gates

Augusta, Ga., Sept. 25th, 1916.

Sealed proposals addressed to the City Council of Augusta, Georgia, will be received by the River and Canal Commission at Augusta, Ga., until four (4:00) o'clock P.M., Tuesday, October 10th, 1916, for furnishing all necessary outfit, material and labor and constructing complete reinforced-concrete bulkhead and steel gates for water control across Butler's Creek in Richmond County, Georgia, where the flood-protection levee crosses said creek. Foundation will be on piles. Height above foundation, 35 feet; clear span between wing walls, 65 feet; 6 gate openings 8 feet x 15 feet; length wing wall each end, 145 feet; approximate quantities of material—10,350 lineal feet foundation piles, 33,000 feet B.M. sheet-piling (6 inches x 12 inches), 6,000 cubic yards earth excavation, 1,980 cubic yards concrete, and 40 tons reinforcing steel.

Contract wil be let as a whole. Payment in cash on monthly estimates. With bid must be deposited certified check for $500 as a guarantee of good faith. Said deposit will be returned to bidder when contract is executed.

The successful bidder must give construction bond in the sum of $15,000.

The right is reserved to reject any and all bids.

Plans and specifications may be had by prospective bidders on application to the undersigned.

NISBET WINGFIELD,
Chief Engineer,
811 Ellis Street, Augusta, Ga.

Bids received until Oct. 17, 1916.

Barge Canal Work

STATE OF NEW YORK
OFFICE OF SUPERINTENDENT OF PUBLIC WORKS
Albany, Sept. 18th, 1916.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Tuesday, October 17th, 1916, at which place and hour they will be publicly opened and read, for improving the New York State canals pursuant to the provisions of Chapter 147 of the Laws of 1903, and of the acts amendatory thereof and supplementary thereto, and Chapter 570 of the Laws of 1915, as follows:

1

CONTRACT NO. 19-A.
Erie Canal—Section 11.

For re-dredging Contract No. 19 and incidental work.

Sheets 1 to 13 inclusive.

2

CONTRACT NO. 139.
Oswego Canal—Section 1.

For excavating a channel in the Oswego River from the lower end of Lock No. 8 at Oswego to deep water.

Length 0.19 mile. Sheets 1 and 2.

3

CONTRACT NO. 140.
Champlin Canal—Section 1.

For placing bank protection along the west shore of the Hudson River about five miles north of Waterford, and incidental work.

Sheets 1 and 2.

And for the construction of Barge Canal terminals pursuant to the provisions of Chapter 746 of the Laws of 1911, and of the acts amendatory thereof, as follows:

4

TERMINAL CONTRACT NO. 19.

For dredging, for constructing a new bulkhead wall and a pier, and for repairing two existing piers and a bulkhead at Greenpoint, Brooklyn, N. Y.

Contract plans sheets 1-33.

5

TERMINAL CONTRACT NO. 26.

For constructing a pier and dredging a terminal basin in Lake Champlain at Rouses Point.

Contract plans sheets 1-4.

6

TERMINAL CONTRACT NO. 53.

To construct a dockwall along Dead Creek and around Ohio Basin, to dredge the basin and to construct a bascule bridge across Dead Creek at Ohio street, in the City of Buffalo.

Contract plans sheets 1-36.

Plans may be seen and detailed specifications, engineer's estimate of quantities, proposal blanks, form of contract and bonds required and other information for proposers may be had at the office of the Superintendent of Public Works at Albany, N. Y.; at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y.; at the office of the Assistant Superintendent of Public Works for the Western Division at Rochester, N. Y., and at the canal office, Spaulding's Exchange, Buffalo, N. Y.

Copies of detailed plans of drawings may be obtained from the State Engineer and Surveyor at Albany, N. Y., upon payment to him of the cost of producing them.

Monthly estimates will be paid of ninety per centum (90 per cent.) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank (or trust company in the case of terminal contract) in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent.) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time, in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposits of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of each contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent.) of the estimated cost of the work according to the contract price, and an additional bond, known as the labor bond, in the sum of ten per centum (10 per cent.) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the State for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner if, in the judgment of the undersigned, the interests of the State will be enhanced thereby.

W. W. WOTHERSPOON,
Superintendent of Public Works.

Bids received until Oct. 10, 1916.
